ARTICLE XIX WORKDAY, WORKWEEK, OVERTIME

Section 1. The workweek for all full-time custodial, grounds and maintenance employees, and the motor vehicle operator (courier) for the Saratoga Springs City School District shall in no event be in excess of forty (40) hours, consisting of five (5) consecutive workdays not in excess of eight (8) hours per day, Monday through Friday, except as herein otherwise provided. It is also agreed that such language proves neither a guarantee of the number of personnel assigned nor the continued existence of a third shift.

Section 3. Overtime

All employees shall receive overtime compensation at the rate of time and one-half for work hours, or any part in increments of 15 minutes, in excess of the hours of work as established in Section 1 of this Article. Section 7. Effective September 1989, a contractual pay plan for all part-time District employees was implemented. This plan is based on the number of Board of Education approved hours x number of days worked per year x the hourly rate of pay. This annual salary is divided over a 21 or 25 pay check period from September through June. Days worked beyond the contracted number of days will be paid in a pay check in June or July provided appropriate documentation, i.e., signed and approved time card, is submitted.

To be eligible for this pay plan all C.S.E.A. members must keep a minimum of five (5) usable sick/personal days in their sick/personal account in addition to the required number of days that must be maintained as per Article XX, Sections 3 and 4. If you drop below this minimum as described above, your pay will be converted to a two-week lag payroll which requires you to complete a weekly payroll card to document time worked for the remainder of the school year.

Section 8. The District may alter the work schedule of an employee for a period of up to one hour either way from those previously posted or assigned so long as it provides the affected employee(s) with at least thirty (30) calendar days' notice. The District may do so only once for any period of time a particular employee occupies a particular assignment. Once the employee bids to a new assignment, the right to make up to a one hour change in time is renewed. An employee notified of such shift change may request a meeting with the Superintendent of Schools to discuss the change and any hardship it may impose on the employee. The employee may have a union representative present for the meeting. The District retains final authority to make the noticed change or change its determination.

ARTICLE XX VACATION, SICK AND PERSONAL LEAVE POLICY

Section 1. Employees of the Facilities and Operations Department shall also be allowed to take vacation with the Supervisor's approval when school is in session as long as it does not interfere with the necessary operation of the Department. The District agrees to make an effort to employ substitute personnel for those requesting vacation time when school is in session. The employees of the Facilities and Operations Department are not allowed to take vacation time the first day of summer recess or the last two weeks of summer recess.

Section 2. The parties agree that beginning in June 1991 mandated training, i.e., Haz-Com, Asbestos, etc., will be held annually on the first day of summer cleaning (e.g., Monday, June 24, 1991) for Facilities & Operations staff and that all requests for a vacation day on that day will be denied.

Section 3. Sick Leave (With Pay)

A.

Each twelve-month employee shall receive seventeen (17) days of sick leave per year, earned as follows: six (6) days will be credited the first month of employment in a year, with one (1) additional day earned for each remaining month worked thereafter in that year. (Accordingly, new employees hired during the course of a school year and work less than twelve month employees shall earn less than seventeen (17) sick leave days.)

B. Employees shall be allowed to use three (3) sick days annually for instances of family illness.

C. Any of an employee's sick leave allotment left at the end of the school year shall be credited to the employee's unused sick leave bank (which shall be accumulated to a maximum of two hundred (200) days for sick leave purposes only).

D. Employees who are absent due to illness hereunder shall notify their immediate supervisor of such absence before the beginning of their shift.

E. Annual attendance incentives shall be paid in October as follows:

| 2 Days Absent = | \$ 50.00 |

Jury duty, bereavement, and vacation leave will not interfere with the calculation of this benefit.

F. Employees who are absent for more than five (5) consecutive days are required to send medical verification to the Director of Personnel Development. Employees counseled in writing for sick leave abuse may be required to provide medical verification for all subsequent absences for a succeeding calendar year.

Section 4. Personal Leave (with pay)

A. In each school year, seven (7) sick days may be used for personal reasons with no explanation required. These days will be granted upon request, except for reasons of other employment, or as prohibited by Article II, Section 4 of this Agreement. Personal days are not to be used as vacation days.

B. Except for reasons of family illness, attendance at graduation, marriage in the immediate family, bereavement, court appearances, religious observance, and legal transactions beyond one's control, such personal leave may not be taken the work day immediately before or after a holiday recess, or vacation period.

Section 5. Worker's Compensation

A. Worker's compensation and sick leave (effective 7/1/86) for employees hired prior to April 15, 1995:

a. When an employee is disabled and out of work due to a job-related injury or illness covered under Worker's compensation, said employee shall receive his/her regular salary for no more than one year during the period of such disability.

b. After the one-year period mentioned in A (a) above, any further compensation shall be in accord with the following alternate methods, at the employee's discretion:

(1) Be allowed to use available paid accumulated sick leave for the balance of the period of disability; or,

(2) Receive the weekly benefit check as provided by Worker's Compensation.

Such election shall be communicated in writing to the Assistant Superintendent for Business. In the event the employee elects (1) above, the District will, upon receipt of the benefit check, credit the employee's sick leave account by the number of days, or portions thereof, that the amount of the benefit check bears to the employees's daily rate of pay.

B. Worker's compensation for employees hired on or after April 15, 1995 are eligible for the statutory worker's compensation benefit. They are not eligible for the benefits described in Section 5A above; however, the employee will be allowed to utilize sick leave accruals to receive 100% pay and will reimburse the District any worker's compensation money during the paid sick leave.

ARTICLE XXI HEALTH INSURANCE CONTRIBUTIONS

Section 1. Active Employee Contributions

A. Starting July 1, 2005, participating eligible employees hired before January 1, 1992 will pay 5% of the annual health insurance premium cost for individual, two-person or family coverage.

B. For eligible employees hired on or after January 1, 1992, for an individual plan, the District will pay 95% of the premium cost of the District health insurance plan with a 10% cap on the employee's contribution, dependent upon the employee's annual salary, whichever is less. For an individual plan, the District's contribution to any HMO plan premium will not exceed the amount paid for the District individual health insurance plan premium and will not exceed 95% of the HMO plan premium. HMO premiums in excess of that District contribution shall be absorbed by the employee. The employee's share will be divided into an equal number of paychecks and this amount will be deducted each pay period.

C. For eligible employees hired on or after January 1, 1992, for a 2-person or family plan, the District will pay 80% of the premium cost of the District health insurance plan with a 10% cap on the employee's contribution, dependent upon the employee's salary, whichever is less. For a 2-person or family plan, the district's contribution to any HMO plan premium will not exceed the amount paid for the District 2-person or family health insurance plan and will not exceed 80% of the HMO plan premium. The employee's share will be divided into an equal number of paychecks and this amount will be deducted each pay period.

D. Employees who work a minimum of 30 hours a week and hired on or after 7/1/06 shall have a ninety (90) calendar day waiting period before they are eligible for health insurance benefits. They will be enrolled the first of the month in which the ninetieth (90th) day occurs. These newly hired employees shall enroll in Blue Cross/Blue Shield PPO Medical and Blue Cross/Blue Shield PPO Drug Plan when available and they are not eligible for Open Enrollment in any other health plan. The employee will contribute 20% for family or two-person and 10% for individual.

E. Employees otherwise eligible for participation in the existing Health Insurance Plan may provide for their own health insurance. Each employee eligible for the Health Insurance Plan may elect to refuse participation in the plan and must provide for their own health insurance and receive a payment under the following conditions:

a. Each employee eligible for health insurance may decline such coverage in writing and shall submit to the District acceptable proof of health coverage under another health plan;

b. An employee satisfying these conditions shall receive the following health insurance buy-out payment: (1) for the 2013-2014 school year, a payment based upon 20% of the family premium based on the PPO plan which is the district's primary plan; (2) effective July 1, 2014 and thereafter, a payment of \$4,000 for electing not to take coverage for a full school year. In each case, the payment shall be paid one-half by December 31 and one-half by June 30;

c. An employee electing to take the health insurance buy-out may re-enter the plan during the school year if the employee experiences an event which causes the employee to lose their alternate coverage and which is acceptable to the District's carrier. In such case, the employee shall only be eligible for a pro-rated buy-out payment;

d. Effective July 1, 2013, employees who are married and each of whom are eligible for health insurance coverage other than the District's plan shall no longer be eligible for two health insurance buy-outs and may only have one buy-out and no health insurance (since they are already covered by other health insurance); and,

e. Effective July 1, 2013, current employees who are married and take health insurance and the buyout shall be grandfathered for this benefit. Other than these grandfathered employees, effective July 1, 2013, members of the unit who are married to another member or employee of the district may only take two individual plans, one two-person plan, or one family plan. They are ineligible for the health insurance buy-out and may not take a plan and a buy-out.

If the vacancy is not filled from within the department, employees in the other departments shall be given the opportunity to apply for the job. In the event that the employee’s application is denied for any reason, said employee shall be notified by the District or its representative in writing of the status of the application. This provision only applies to lateral transfers and is not applicable to promotional positions. An employee bidding on a position with a documented history of performance issues (as reflected in more than one document such as an evaluation, counseling memo, or discipline), may be denied such bid notwithstanding any seniority.

C. The District shall have the right to involuntarily transfer an employee with documented work performance issues to an open position of the same or different shift after first posting and bidding an open position (meaning an employee can be involuntarily transferred after all posting and bidding is completed to an open position that was not bid upon).

D. A probationary employee who is selected to fill a vacancy within a department must, at the discretion of the District, serve his/her probationary period prior to moving to fill that vacancy. Upon the successful completion of the probationary period by the probationary employee, the employee shall be moved to fill said vacancy.

ARTICLE XXVII HEALTH INSURANCE CONTRIBUTIONS

Section 1. Active Employee Contributions

A. Starting July 1, 2005, participating eligible employees hired before January 1, 1992 will pay 5% of the annual health insurance premium cost for individual, two-person or family coverage.

B. For eligible employees hired on or after January 1, 1992, for an individual plan, the District will pay 95% of the premium cost of the District health insurance plan with a 10% cap on the employee's contribution, dependent upon the employee's annual salary, whichever is less. For an individual plan, the District's contribution to any HMO plan premium will not exceed the amount paid for the District individual health insurance plan premium and will not exceed 95% of the HMO plan premium. HMO premiums in excess of that District contribution shall be absorbed by the employee. The employee's share will be divided into an equal number of paychecks and this amount will be deducted each pay period.

C. For eligible employees hired on or after January 1, 1992, for a 2-person or family plan, the District will pay 80% of the premium cost of the District health insurance plan with a 10% cap on the employee's contribution, dependent upon the employee's salary, whichever is less. For a 2-person or family plan, the district's contribution to any HMO plan premium will not exceed the amount paid for the District 2-person or family health insurance plan and will not exceed 80% of the HMO plan premium. The employee's share will be divided into an equal number of paychecks and this amount will be deducted each pay period.

D. Employees who work a minimum of 30 hours a week and hired on or after 7/1/06 shall have a ninety (90) calendar day waiting period before they are eligible for health insurance benefits. They will be enrolled the first of the month in which the ninetieth (90th) day occurs. These newly-hired employees shall enroll in Blue Cross/Blue Shield PPO Medical and Blue Cross/Blue Shield PPO Drug Plan when available and they are not eligible for Open Enrollment in any other health plan. The employee will contribute 20% for family or two-person and 10% for individual.

E. Employees otherwise eligible for participation in the existing Health Insurance Plan may provide for their own health insurance. Each employee eligible for the Health Insurance Plan may elect to refuse participation in the plan and must provide for their own health insurance and receive a payment under the following conditions:

a. Each employee eligible for health insurance may decline such coverage in writing and shall submit to the District acceptable proof of health coverage under another health plan;

b. An employee satisfying these conditions shall receive the following health insurance buy-out payment:

(1) for the 2013-2014 school year, a payment based upon 20% of the family premium based on the PPO plan which is the district's primary plan;

(2) effective July 1, 2014 and thereafter, a payment of \$4,000 for electing not to take coverage for a full school year.

In each case, the payment shall be paid one-half by December 31 and one-half by June 30.

c. An employee electing to take the health insurance buy-out may re-enter the plan during the school year if the employee experiences an event which causes the employee to lose their alternate coverage and which is acceptable to the District's carrier. In such case, the employee shall only be eligible for a pro-rated buy-out payment.

d. Effective July 1, 2013, employees who are married and each of whom are eligible for health insurance coverage other than the District's plan shall no longer be eligible for two health insurance buy-outs and may only have one buy-out and no health insurance (since they are already covered by other health insurance).

e. Effective July 1, 2013, current employees who are married and take health insurance and the buyout shall be grandfathered for this benefit. Other than these grandfathered employees, effective July 1, 2013, members of the unit who are married to another member or employee of the district may only take two individual plans, one two-person plan, or one family plan. They are ineligible for the health insurance buy-out and may not take a plan and a buy-out.

Section 2. Retiree Health Insurance

The District will pay the premium for medical insurance in retirement for "eligible" District employees who are hired prior to June 30, 1995.

"Eligible" employees include the following:

This provision only applies to lateral transfers and is not applicable to promotional positions. An employee bidding on a position with a documented history of performance issues (as reflected in more than one document such as an evaluation, counseling memo, or discipline), may be denied such bid notwithstanding any seniority.

C. The District shall have the right to involuntarily transfer an employee with documented work performance issues to an open position of the same or different shift after first posting and bidding an open position (meaning an employee can be involuntarily transferred after all posting and bidding is completed to an open position that was not bid upon).

D. A probationary employee who is selected to fill a vacancy within a department must, at the discretion of the District, serve his/her probationary period prior to moving to fill that vacancy. Upon the successful completion of the probationary period by the probationary employee, the employee shall be moved to fill said vacancy.

ARTICLE XXXIV TRANSPORTATION DEPARTMENT PROCEDURES

Section 1. All school district vehicles designated as school buses, and operated to provide daily transportation for Saratoga Springs students to and from their homes, shall be driven by qualified transportation personnel.

Section 2. Assignment of all work shall be done by seniority. Substitutes and mechanics shall be used only when regular drivers are not available and when the transportation office receives less than one (1) hour notice regarding an activity run, and there is no driver on the transportation premises and/or available by bus radio system.

Section 3. Permanent Vacancy: A permanent vacancy shall occur when an employee doing unit work resigns, retires or is terminated from his or her position, or when a new position is created, or when an employee notifies the employer in writing that he or she will leave his or her employment on a particular future date.

As a permanent vacancy occurs, or is anticipated, within the department and the school district deems it necessary to fill such vacancy, a notice will be posted within two (2) working days that the vacancy exists, or will exist, on a special bulletin board provided for Transportation Staff. Such notice shall include, at a minimum, a description of the position being vacated, the date upon which the vacancy will occur, the block time, as determined by Article XXXIV Section 8 BLOCK, of the position vacated, the period during which bids will be accepted and the date on which the position will be awarded. Selection of employee applicants will be based on seniority and qualifications to be determined by the District or its representative, which shall consist of no less than two members. Vacant positions shall be first awarded to the most senior who meets the qualifications set forth in the notice of vacancy. In the event that no employee applies for the position or no employee qualifies for the position, it may be offered to a person outside the bargaining unit. In the event that the employee's application is denied for any reason, said employee shall be notified by the District or its representatives in writing of the status of the application. The District will not be required to accept or consider applications from employees seeking to occupy two (2) positions of employment with the District.

Permanent vacancies shall be posted for a period of five (5) working days and awarded within two (2) working days after the close of the five (5) day period.

All vacancies shall be posted at the block time established in Article XXXIV Section 8 BLOCK. In the event that the actual time for the position varies from the posted block time, the position will be reposted.

Section 4. Temporary Vacancy: A temporary vacancy shall occur when an employee doing unit work is unable to perform his or her duties due to authorized leave.

Temporary vacancies shall be treated as follows:

A. Short Duration: Temporary vacancies less than forty (40) days shall be filled by a substitute.

B. Long Duration: Temporary vacancies of more than forty (40) days shall be posted immediately and assigned contingent upon Board of Education approval of the leave of absence. This award cannot occur until the Board of Education takes official action. Seniority will be retroactive to the date of the assignment. An employee may only bid into a temporary position once per year.

Where necessary, the District may require an employee trained to drive handicapped bus runs to accept a particular run on a temporary basis. In such instances, the employee shall be paid for the higher of the block times for the employee's permanent work and the temporary work.

Section 5. Activity Runs

An activity run is an authorized bus run to transport students on field trips or extracurricular activities. School bus drivers shall not be eligible to drive activity runs which interfere with their regularly scheduled block of time.

A. Shuttle Trips: A shuttle usually involves transportation of students from one school to another District school. A shuttle to Skidmore College would be considered a shuttle service for AP courses.

The following are examples of shuttle service but should not be considered all inclusive:

- a. High School to an elementary school for a form of tutoring or demonstration.
- b. Drug awareness presentations.
- c. Testing, as to Skidmore for advance placement.
- d. Bowling alley when part of gymnasium classes. (PE)

- e.. Elementary students to Maple Avenue Middle School for 6th grade orientation.
- f. Secondary students to BOCES for program orientation.
- g. Graduation rehearsal.
- h. End of year field days held at State Park.
- i. Kindergarten field day held at Geysler Road School for other District schools.
- j. Rehearsals by District schools at other District schools such as concerts at the High School.

B. Field Trips:

- a. Elementary trips to the following locations within the District:
 - (1) Academic: Public Library, Museums, Race Track, Fire Houses, Post Office, Police Station/Barracks, City Hall, Town Halls, Restaurants, Farms, Animal Attractions.
 - (2) Non-academic: Proctors, Great Escape, Animal Farms, Apple Orchards, Restaurants.
- b. Secondary field trips to the following locations:
 - (1) Competitions, debates, East Side Recreation, prisons, restaurants, Senior Give Back Day.

It is understood that both definitions indicate only a partial list, and it is not intended to reflect all shuttle and/or field trips; however, it is an attempt to better define existing practice.

When regular bus drivers are not eligible to drive activity runs, the District may hire qualified substitute bus drivers to drive activity runs. At the District's option, where there are insufficient substitute bus drivers available, the District may seek regular school bus driver volunteers. Driver volunteers will be assigned on a seniority basis.

All other activity runs for school bus drivers will be assigned on a rotating basis by seniority.

When a teacher/advisor receives authorization for a group of five (5) students or fewer to participate in area competition associated with the classroom (exclusive of interscholastic sports), the teacher/advisor, upon request, may use a District vehicle designated as a school bus to transport the students. As a courtesy, the C.S.E.A. President will be notified.

C. Emergency Situation: A qualified school bus driver, other than a regular school bus driver, will be allowed to drive an activity run when the transportation office receives less than one (1) hour notice regarding an activity run, and there is no driver on the transportation premises and/or available by bus radio system.

All activity runs shall be compensated at the employee's regular rate of pay.

Drivers, where practical, will provide the transportation office at least one week's notice when the driver determines he/she cannot complete the field trip assignment. A "real" emergency would be considered beyond a driver's control. Failure to notify the transportation office for the first incident will result in the suspension of field trip assignments for a period of one (1) month for the driver. A second incident will result in a three (3) month suspension, and a third incident, for a period of six (6) months.

Section 6. Extra Work Available for All Transportation Staff

A. Extra work shall include driver/cleaner duties, driving duties, bus washing, coverage of BOCES, Occ. Ed., noontime and late runs.

B. Daily coverage of absences shall be assigned from the extra work assignment sheet on the basis of seniority. Such sheet shall be available every workday from 6:00 a.m. to 8:30 a.m. for signing by employees. Work shall be awarded prior to 9:00 a.m.

Daily coverage of absences, such as BOCES, Occ. Ed., noontime and late runs, shall be awarded on the basis of seniority from the extra work assignment book following the above guidelines. Once a Middle School or High School late run is awarded by bid or assigned due to no one bidding on the work, the late run shall become part of that driver's block time. When this block time is vacated, the late run will go up for bid again with the understanding that, once bid or assigned, it becomes a part of the new driver's block time.

C. Watch duties and snowplowing shall be performed by mechanics. In the event that sufficient coverage is not available, other unit employees shall be offered the work on the basis of seniority.

Employee(s) must be qualified to use snow removal equipment. The District will be the sole judge of the individual's ability to properly operate the District's snow removal equipment.

Shuttles occurring throughout the school year, when time is of the essence, such as graduation rehearsal, year-end picnics at the State Park, etc., shall be awarded to the senior driver at the school from which the shuttle originates.

D. Extra summer work shall include bus runs, driver/cleaner duties and bus washing. By June 1st of each year, the district shall post a list to solicit interest in extra summer work. Driving positions within the District shall be posted in accordance with Article XXXIV, sec. 3. Daily coverage of absences shall be awarded by seniority from the bid sheets.

E. If a school bus driver bids on posted extra work or daily extra work via normal posting procedures and he/she is awarded the extra work, the school bus driver cannot forfeit the extra work for other extra work and/or a late run.

F. District vehicles leased to third parties shall be driven by unit drivers at a minimum of Step Entry of the schedule in effect at that time. Such vacancies shall be awarded by seniority with the following exception: Employees currently performing these duties shall be awarded these assignments for the duration of the Agreement. Daily coverage of absences shall be awarded by seniority from a bid sheet.

G. Minimum One Hour:

- a. BOCES occupational education runs will be paid at a minimum of one (1) hour.
- b. P.M. late runs will be paid at a minimum of one (1) hour.
- c. All other extra work will be paid at a minimum of one (1) hour unless added to the existing block. When added to the block, the time will be paid in accordance with existing language (15 minute increments). Work added to an existing block will not have a guarantee of one (1) hour for the person awarded the bid, and when the work is available when the person is absent.

Section 7. Transportation: Discipline, Suspension and Discharge

A. The parties subscribe to the concept of progressive discipline except for the most serious type of offense. Any employee subject to disciplinary action shall have the right to union representation. A tenured employee may not be removed from service and otherwise disciplined except for acts of incompetency, insubordination or misconduct.

An employee subject to disciplinary action shall have the right to union representation and shall be informed before any hearing or interview.

The form (Appendix C) must be provided to any employee to indicate his/her wishes regarding union representation. If an employee refuses to sign the form, a C.S.E.A. representative will be asked to witness the employee's refusal to sign the form. The form would be maintained on file for future reference.

B. Investigations into alleged employee incompetency, insubordination or misconduct shall be undertaken promptly and confidentially. All parties involved in the alleged complaint will cooperate fully with the District to resolve the matter as quickly as possible. The employee and the President of the Association shall be notified. All investigations shall be completed within sixty (60) days after the alleged complaint is received by the District. It shall be recorded by the Director of Personnel Development, who shall initiate the process. All findings shall be returned to the Director of Personnel Development for final disposition.

C. Forms of Disciplinary Steps

a. Except as set forth in Cc below, the first formal disciplinary step shall be a written warning from the employee's immediate supervisor describing the incident, specific deficiencies and the steps necessary to return to a satisfactory level of performance. This letter shall be filed with the Director of Personnel Development in the employee's personnel file. The employee shall acknowledge receipt of the written warning by signing and dating the original notice.

b. After the employee receives three (3) written warnings from the immediate supervisor, the employee may be suspended without pay for up to a maximum of three (3) days except for Cc below.

c. Additional written warnings may result in further disciplinary action, including a suspension, with or without pay, for more than three (3) days or discharge.

d. Suspension without pay may be invoked with less than three (3) written warnings where the employee's acts create a danger to the health, safety or welfare of the staff, students and/or general public, or create a danger to property.

The immediate supervisor does not have the authority to suspend any employee, but can only recommend discipline to his/her immediate supervisor. The action outlined in this article shall be within the authority of the above-named personnel.

In case of suspension, any penalty must be imposed within forty-eight (48) hours of written notification to the employee.

e. Within ten (10) days after the proposed penalty and upon the employee's written request, the Superintendent and/or his/her designee will meet with the employee and the supervisor to review the case and the penalty and give his/her final determination.

Section 8. Block

Block time is the time required to complete a particular bus run, rounded to the next fifteen (15) minute interval. Established block times shall include a fifteen (15) minute period before each bus leaves the garage in the morning and a fifteen (15) minute period after the last run for bus check, fueling, reports, journals, etc. Once the block time is established, no time cards should be submitted for any time beyond the block time unless the Supervisor has granted approval.

In August of each year, the Director of Transportation shall review bus routes and establish block times. Drivers shall be given written notification of the block time established by the Director of Transportation no later than orientation. CSEA shall meet to review all block times by October 1st. The Director of Transportation and/or his/her designee shall make any final adjustments to block time by November 1st. Thereafter, the block time may not be modified without written notice to the employee and to C.S.E.A. Such notice shall state, at a minimum, the amount of such change, the reason for the change and date upon which the new block time will become effective. Modifications in block time may not be made retroactive. If an employee objects to the "block" or trip time as established or modified, he/she may submit such objection to the C.S.E.A. President and/or his/her designee who will review the concern with the District representatives. In the event a decision is not reached, the Assistant Superintendent for Business may render a final resolution.

The District will allow regular school bus drivers up to one (1) hour with pay for completion of binder books. With prior approval, school bus assistants may also receive up to one (1) hour with pay for completion of binder books.

Notwithstanding the additional time allowances provided in the previous three paragraphs, employees shall make productive use of paid and non-driving time to sweep or otherwise clean their bus, complete reports and perform other job-related functions which can be done during these periods.

Section 9. Meal Allowance

Reimbursement shall be made on Friday following a payroll date, if the business office has received the claim on the payroll date.

Drivers will be paid guaranteed amounts as indicated in the contract without receipts for all out-of-school District field trips.

Drivers will not be reimbursed for meal allowance if the field trip does not leave the District boundaries, unless the driver is directed to stay with the bus for the duration of the field trip.

| | |
|-----------------------------------|--------|
| Breakfast (6:30 a.m. – 9:30 a.m.) | \$3.50 |
| Lunch (11:00 a.m. – 2:00 p.m.) | \$5.00 |
| Dinner (4:30 p.m. – 7:30 p.m.) | \$7.50 |

Trip duration is two hours during said time.

Section 10. Clothing Allowance/Transportation Mechanics

A. The District will provide the full-time mechanics (when performing the duties of mechanics) eleven sets of clothing and maintenance thereof in accordance with past practice.

B. Full-time mechanics will be allowed a maximum of \$1000 to cover the cost of work clothing, one (1) pair of safety shoes, one (1) pair of safety glasses, and replacement of tools.

C. The Transportation Supervisor will establish a system of vouchering for approved purchases under (B) above.

Section 11. Job Bidding When Absent on Approved Leave

When a regular school bus driver or school bus assistant is disabled and does have a definite date to return to work, that employee shall be allowed to bid on a posted block of time, if the definite date established for the return to work is fifteen (15) or less working days from the date that the school bus driver or school bus assistant is scheduled to begin work on the posted block of time.

It is understood that a regular school bus driver or school bus assistant disabled due to an injury sustained on or off the job is subject to the above policy.

If the regular school bus driver or school bus assistant is not able to return to work on the sixteenth (16th) day (with a doctor's excuse extending the return to work date), there will be a joint meeting of two district officials and two C.S.E.A. representatives to investigate the matter. The team will make a recommendation based upon the investigation as to whether the employee can return to work in a fifteen (15) day period. If the school bus driver or school bus assistant cannot return, the bid will be awarded to the next most senior school bus driver or school bus assistant that bid on the original posting. The disabled employee will be maintained on a leave without pay status until such time that he/she receives clearance from the doctor to return to work.

The disabled school bus driver or school bus assistant will return to work on the block of time that was his/hers when the injury occurred.

Section 12. Monetary Advancement

Monetary advancement within a career family will result in an annual base salary increase of at least six hundred and fifty dollars (\$650). Under no circumstances will an employee experience a reduction in his/her base hourly rate of pay for lateral or promotional opportunities within a career family.

- Transportation
- School Bus Driver Assistant
- School Bus Driver
- School Bus Driver/Cleaner

*Position listings do not necessarily denote career advancement levels or increases of compensation.

Section 13. Training

The District shall provide training for special needs runs to all transportation employees. Employees must be willing to accept available special needs bussing when it occurs.

ARTICLE XXXV GENERAL-TRANSPORTATION

Section 1. The District will compensate all school bus drivers, school bus driver assistants and school bus mechanics at time of retirement or death for unused sick leave as follows:

- After 20 years of local service with the District/40 days at half pay.
- After 25 years of local service with the District/50 days at half pay.

Section 2. Mandatory Drug Testing: School Bus Drivers, School Bus Driver/Cleaner and School Bus Driver Mechanics

The District and the Association jointly declare that the continued practice of the safe transportation of passengers on the District's buses is a standard which cannot be compromised by the possibility of employee impairment resulting from either alcohol or drug abuse. Accordingly, the District will cooperate with the Association in jointly formulating a preemptive educational program designed to inform employees of the effects of alcohol or drug abuse on the delivery of transportation services.

The C.S.E.A. accepts the Board of Education policy and Administrative Regulation regarding the implementation and administration of the federal drug testing program for school bus drivers.

School bus drivers and other individuals selected for random testing will be paid at their regular driving rate for the time necessary to travel to the testing site and to complete the test, including the time waiting for the test to be administered. Once the tests are completed and the individual is free to leave the testing site, the individual will no longer be eligible for additional compensation.

Selected individuals will receive a form to be signed by the Transportation Office and by the drug testing personnel. The form will include the time necessary to complete the tests. The form will be returned to the Transportation Office by the individual for payroll processing.

Section 3. Longevity

Longevity payments will continue as in all previous contracts:

| After ten (10) years | 1.8% of gross salary |
| After fifteen (15) years, an additional | 1.8% of gross salary |
| After twenty (20) years, an additional | 1.8% of gross salary |
| After twenty-five (25) years, an additional | 1.8% of gross salary |

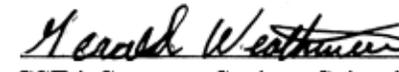

Longevity payments for school bus drivers and school bus assistants may not exceed the amount set forth for full-time employees.

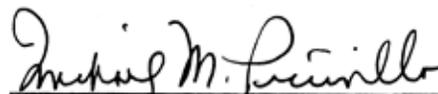

Longevity earned for the previous school year will be paid prior to the end of the calendar year.

IT IS AGREED BY AND BETWEEN THE PARTIES THAT ANY PROVISION OF THIS AGREEMENT REQUIRING LEGISLATIVE ACTION TO PERMIT ITS IMPLEMENTATION BY AMENDMENT OF LAW OR BY PROVIDING THE ADDITIONAL FUNDS THEREOF, SHALL NOT BECOME EFFECTIVE UNTIL THE APPROPRIATE LEGISLATIVE BODY HAS GIVEN APPROVAL.
